

ANTHONY S. MENDOZA

Proper To-Ong Pardo, Cebu City | mendozaony27@gmail.com | anthonymendoza.vercel.app

SUMMARY

Detail-oriented BSIT graduate from Cebu Eastern College specializing in AI-assisted full-stack development. Experienced in building responsive web applications and automating operational workflows through clean API integrations and professional internship experience. Eager to apply efficient, modern development skills to a dynamic engineering team.

PROFESSIONAL EXPERIENCE

Lifewood Data Technology - Intern June 2025 - December 2025

- Developed web-based projects integrating Machine Learning, AI functionalities, and game development elements
- Assisted in implementing AI-driven features to improve user experience and system efficiency

PERSONAL PROJECTS

SAM - Service Automation Manager

- Designed and engineered a self-hosted business automation assistant to manage operational workflows, achieving zero-cost hosting.
- Integrated n8n automation workflows, Groq AI, and Google Sheets API to synchronize and track real-time operational metrics.
- Programmed Telegram Bot integrations to dispatch instant status alerts, reducing notification latency to sub-second speeds.

BK Basketball League Platform

- Created an interactive sports administration portal managing match schedules, rosters, and live game telemetry.
- Implemented Firebase Authentication to protect administrative control panels and restrict unauthorized data mutation.

EDUCATION

Bachelor of Science in Information Technology 2022 - 2026
Cebu Eastern College Inc. (Cum Laude)

SKILLS

Cloud Firestore (NoSQL)	Python	AI Integrations	Prompt Engineering
Git, GitHub Version Control	Firebase Authentication	CSS3	AI Assisted Development
Javascript	Vercel	HTML5	AI Automation (n8n)

ADDITIONAL INFORMATON

- Hackathons & Challenges: Competitor at Collaborative Game Hackathon (team-based challenge dedicated to designing, scripting, and launching a custom game within strict time constraints).
- Core Competencies: Logical Problem Solving, Team Collaboration, Git Branch Workflows, Technical Adaptability, AI Integration.
